

Water Resources Education Network

DID YOU KNOW?.....

This 65 gallon water urn is collecting roof water run-off and:

- provides water to the window boxes & plantings for this building •
- reduces usage impact on our Borough's water supply •
 - reduces the flow of rain water to the Borough's sewage system •
- reduces the flow of contaminated run-off water polluting the Chesapeake Bay Watershed •
 - \$\$ reduces the water bill for the owner of this building \$\$ •

Purchase of this rain barrel and signage for this Watershed Education Program has been partially funded by the League of Women Voters of Pennsylvania Citizen Education Fund under a grant from the Pennsylvania Department of Environmental Protection and The Pomfret Group of Carlisle, Pa.
